

It is really a pleasure to listen to WCRB. Your choice of music is excellent. I love classical music and through you have learned the names of many favorites that I now own. Thank you.

It is my pleasure to listen to your wonderful radio station. It is filled not only with beautiful music, but with interesting information as well. My regards.

IT IS HOPED THAT THE AGO WILL BE ABLE TO FIND A SPONSOR(S). YOUR CURRENT LIMITED PLAY LIST IS MORE ACCEPTABLE THAN THE JUNK HEARD OVER MOST OF THE OTHER STATIONS. THE NOON CAFE IS WELCOME.

It is a pleasure to hear the beautiful music you play over the radio and it is a welcome change compared to some of the other sounds which are being put out over the airwaves. Keep up the good work!

is this the same as WCRB classical advantage and/or the ticket? if so, perhaps i am already a member. please advise. thanks

Is this an entry into the contest?

Is there something you can do to improve your signal in Dedham?? I only pick up your signal in my car or through listen live on the computer?

In your broadcasts, you really don't need to tell us that you always announce the musical selections that you've just played - just announce them!

In the curious absence of Chopin ever being played in Symphony Hall, it is a pleasure indeed to listen to his musical poetry broadcast for the wider world of WCRB. Dziekuje bardzo (i.e., Polish for "Thank you.")

Improved signal strength would help with my older table radio -- reception good on car radio and with battery powered hand-held. Thanks for the selections and the commentary, although in a few cases I have had to concentrate for extended periods to catch

I'm waiting for the call. Bags are packed! Thanks. Grin.

I'm trying to identify the classical music that plays in the background of a Diamonds Are Forever TV add where an old couple is strolling along a path followed by a younger couple. Can you help? The Diamonds Are Forever website has no useful information.

I'm so happy that your relocation is working well. Congratulations!

I'm so glad you were able to find a new frequency when they bought you out! Keep up the good music!

I'm so glad wcrb is still here!!

I'm so glad the website is up and running; I missed it terribly for all the features that I refer to often. Good luck in your new home and keep up the good work.

I'm so glad that the site is up and running again. Will you get the link back for the Oxford Wine Room?

I'm sitting here listening to WCRB and delighted to hear Listo Fisher's voice. Good choice, I love him and WCRB! Thanks for providing all that great programming.

I'm listening everyday! Call my name!!! My husband and I could really use it!

I'm just a little depressed about the fact that you've moved your transmission tower from Waltham up to Lowell, further away from Framingham, where I live and as a result I can't get as good a signal from you as I've been used to when you were broadcastin

I'm glad you were able to retain the classical format on WCRB after the transfer of ownership from Charles River to Nassau Broadcasting. I hope you will be able to keep the format and that it will be commercially viable for a long time.

I'm glad you moved to Lowell. Now you just need a few more CDs. :^)

I'm glad you have a streaming connection. I used to use your streaming service when I worked in Boston, and now I can use it here in Rhode Island.

I'm FINALLY doing this, and it's about time. I listen to you as much as possible. May you reap the benefits threefold of the joy you bring to your listeners!!

I'm feeling lucky :)

I'm enjoying this contest and the music.

I'm disappointed. Just bought an HD radio, and your digital signal isn't coming in in HD.

I've always had trouble at home and at work receiving your analog signal...had high hopes things would improve with an HD radio. Maybe a new antenna will help.

I'm delighted to see the website is back up and running - I've missed it!!

I'm already a member, but couldn't figure out any other way to change my e-mail address except to register anew.

I'm a regular listener of WCRB. I like to hear classical music through your station.

I'm a new listener and I really enjoy your great music. Thanks

I'm a new listener...really enjoying the station.

I'm a longtime listener. in fact my dial never moves from WCRB. Please, some Shostakovich, Scriabin, and Prokofiev. Drop the too familiar (Moldau, Fur Elise, Nessun Dorma, Golliwog, Thais, etc.).

I'm a huge fan of WCRB and it's the only station that plays in my car, at work and even at home.

I'm a devoted listener except for the religious Sun. AM programs, which would be more appropriate to a general or religious station. I'm disappointed that the Classic Cartoon festival is being held tomorrow, the Jewish (and Adventist) sabbath, making it I enjoy your musical selections.

I'm a decorative painter of murals, stenciling and faux finishes, and I listen to your station when I'm painting-- it is really wonderful!!! Thanks so much for all you do! P.J.

I work at UMass Lowell in a zoology lab in the biology department. We listen to your station all the time, especially during times of high stress, like finals week.

I wish your programming wasn't so repetitive. If you want to attract a loyal audience, perhaps listeners might enjoy a wider selection.

I wish I could visit my sister in Florida!! This is my dream to be able to visit her and would also take my kids to Disney. I enjoy listening to this station!

I will win!!rs

I was visiting NH and found your station and now I listen all the time on line. Thanks I was out of town for several weeks and in shock when you were not in your usual location. Tha God WCRB is alive and well!

i was in the inner circle club but i never got anything from you so i am signing up again I was disappointed when you switched from 102.5. Reception is not as good south and southwest of Boston. I will still listen, even though there can be static.

I was confused when I switched to my new email: this address is a replacement for my previous one. I think I found Ray Brown's site and put the info on there so.....I'm not sure if this is a repeat message for you or not.

I was a regular listener for WCRB-FM when it was at 102.5. Since I live in Portsmouth, RI, I was able to listen to classical music at 95.9 in Westerly. I also wrote a recipe for the WCRB cookbook -- it was a "Calsoneria Rusticana" -- a calzone. On the

I was a member years ago, but have not received any info for a long time.

I was a member under my AOL account which I have cancelled. Want to be a member under this comcast account. I love your station. Have it on at home, in car, and at work. Keep up the good work.

I was a member of the old group, but am not sure if I have to rejoin.

I wanted to buy the record that was playing at 2:48 AM(Dvorak:Slavonic Dance #8 so I clocked on buy now & it did not come up, unless it's under something different. So what's the story?

I want you to know I love listening to your classical music station at home and at work, it is just such beautiful relaxing music, your selection for us listeners is wonderful, I've listened to your station for years, I also play it when my teen girls ag

I wake up to Laura Carlo every morning.

I used to love WRCB's format but it has changed with toooo much talking and not enough music. I used to use your station and music to go to sleep with but now there is this annoying interruptions with station identification and the announcement that you I used to live in Boston and love WCRB. Now I listen it through internet.

I used to listen to your station every day when I lived in Rhode Island but moved to Denver 4 1/2 years ago. I am so happy to find that I can listen to it via the internet. There is only 1 classical music station in Denver and that is public radio. I a

I used to listen to you whilst traveling back and forth to work and at home, now I'm thrilled to say I'm able to listen to you at my office. Due to family death and illness life has become a bit of a struggle lately and your programs seem to allow me to understand you have a top 100 list of classical music. How do I obtain this? Thanks I turn on crb every day, all day, and into night. The best station in Boston. I am so glad we have you to enjoy.

I tune in at some point every day, Thanks for always being there!

I truly enjoy the music choices. Especially enjoy listening in the morning and late afternoon. Thank you for offering such wonderful music selections.

I truly enjoy the calming effect that the station brings to my working environment in particular. Keep up the good work!

I THINK YOUR MUSICAL PROGRAMS ARE GREAT. I LISTEN TO YOUR MUSICAL PROGRAMS EVERY DAY WHILE I AM ON THE COMPUTER. KEEP UP THE WONDERFUL WORK. Alfred Halwix

I think you all do a great job about everything Thank You

I think that you are continuing to do a fabulous job. I would like to see more diverse programming within the classical repertoire. You are too much of a top one hundred classical hits station. I mean how many times does one have to listen to "The Mold

I think I signed up some times ago. But I'd do it again and again and again to support 99.5. You are an oasis in the world of music ie. noise.

I think I may have joined years ago but I want to make sure. Thanks, Pauline

I teach special needs students and I have you on all day. The kids find it calming and I think it helps them focus. Love the station.

I still wish I could listen to WCRB on the car's radio here in RI. Someday you'll increase your transmission's power?

I start my day as so many others do, with WCRB:-)) Thank you for being there. This is the first time I've ventured out onto the Internet to become part of an "e-club". Have a great day, Listo! It's great to see the photos and bio's. Thanks for sh

I start every day with Laura..... a little bit of peace in my day.

I so enjoy listening every day. I listen from my office at Merrimack College and I wake up to Laura Carlo. thank you for all the pleasure that you have given me through the years.

I simply love listening to your station, it's so relaxing. Thank you.

I signed up so long ago I'm not sure that I still have a membership.

I should've joined a long time ago. I listen on & off during the day; wake with WCRB and fall asleep listening to WCRB!

I should have done this a LONG time ago. I've always listened to WCRB and often hear music I've performed at one time or another, being a musician myself. I am saddened that I won't play with the Boston BAR association this year at the Hatch, but Faneuil

I relax by listening to WCRB

I recently moved here from the Seattle area and love your station's selections. Still, I have some comments and/or suggestions that I will email from home or office - thank goodness for Blackberries! ;)

I really miss you! I have not been able to receive WCRB at my home in Plympton since you moved to 95.5. Is there any way to correct this (other than internet as I have dial-up)?

I really love your station. Even my two young boys enjoy listening. My youngest says that it really helps him relax. Thank you for everything you do everyday. Dawnna
I really love your station it definately helps me relax. However I have missed my exit on the highways because I am too into the music.

I REALLY LOVE LISTENING TO YOUR RELAXING MUSIC WHILE WORKING!

I really enjoy your station. I wish the reception was better for me since you've moved north but the Internet helps with that.

I Really enjoy your station Your music is so relaxing.I listen to it exspecially in the car. I may try another station,but they are not like yours !!! I continue to enjoy WCRB THANK YOU FOR SUCH BEAUTIFUL MUSIC.

I really enjoy your programing. Very relaxing during a hectic day.

I really enjoy listening to Laura Carlo in the mornings on the way to work - she is the best!! What a sweetheart, and very knowledgeable. Since you moved to 99.5, you've been doing traffic reports every 15 minutes - is that really necessary??! More music,

I really enjoy listening to CRB during the work day. It keeps stress levels low!

I played classical violin from age 5 to age 21, then (ignorantly) gave it up. Thanks to my wife who listens constantly to WCRB in the car, I have over the past 2 years or so reacquainted myself with classical music.

I once asked a cabbie in London to show me St. Martins in the Field. To my surprise it is completely surrounded by concrete busy streets and no fields anywhere near. The Academy that bears its name held its first concert there and hense, its name. Carl W.

I now listen thru the web since your move to the new frequency. I cannot recieve the new frequency well. Thank you.

I notice you have more popular and classic music than before, and am enjoying it. Thank you.

I must say that your listening selection is superb and the programming is exceptional.

One of the best classical stations I have had the pleasure of listening to.

I moved and changed my email address from katiekkelly@comcast.net. Please delete the old one from your email list. Thanks.

I miss you since you went to 99.5. Your reception is much worse here in Taunton. I put you on my clock radio at night and wake up to another in the morning. You're all static on my livingroom radio too! You're static on my car radio -mostly- until I tra

I miss the signal strength of 102.5. I hope you can boost the strength of 99.5 for better coverage south of Boston.

I miss the old web site. I enjoyed being able to ck on line to the selections of music that were being played throughout the day. Is that still availabel? Thank you Diane B.

I miss Fanny!

I merely want to get in touch with you regarding a problem with reception (interference) recurring since your move....Can't find your email address, and am not sure your Waltham address is still valid....Thanks

I may be old, but there's a dance or two in the old girl yet. I've never won anything in my life, but I feel lucky.

I may already be a member, but I've never received your newsletter. In addition, I have a request. Could you possibly NOT REPEAT any piece of music during the entire period of a week??? Thank you.

I made a mistake in the format of my email address; and you created the form, so I had to reenter everything, very annoying! JRF

I loved your live at Symphony Hall with the Boston Pops this past Saturday. We listen to your channel in the nursery at work at The Mom's Place. The babies love it!!!!

I loved you when you were at 102.5, I could hear you at home, in the car and at the office. Now, unfortunately I cannot hear you in my office in Natick. This is sad, very sad indeed.

I love, love, love your station, no matter where you are on the dial, and am proud to finally and more officially jump on the WCRB band-wagon, so to speak.

I love your station. I think once I hit my late 20's the more contemporary music just didn't cut it for me anymore. My collection of classical music far outweighs all of my other music. I have even 'converted' my husband to more classical in his life. We

I love your station. I found it so relaxing. !!!! Thank you Eula niakaros

I LOVE WCRB...When i am in the car i always have it on...My friends always make fun of me, but i dont care, it is what helps me relax...they just dont have an apperication for classical music like i do...

I love wcrb....I hope my name gets called for the contest!!!

I love WCRB... but it seems to me that since you've changed location on the dial, you've stopped playing full symphonies and concerti.. Instead you're just playing individual movements... VERY disappointing!

I love WCRB. We listen all day on Sunday. Once you moved to 99.5 it is not as clear as when you were on 102.5. Keep up the good work.

I love WCRB. Thank you!

I love WCRB. It is under number 1 in my car's stations' memory search :)Keep up the good work guys!!!!

I love WCRB. Laura Carlo in the morning is like a good cup of coffee. I enjoy CRB every day.

I love WCRB, though not as much now, unfortunately, I find it seems more "commercial," especially with the "canned voice." Thank goodness Laura Carlo is still

there, along with Brad Spear and others; they provide the high quality we are accustomed to.

I love WCRB, I listen day and night. I'm glad you found a new home although the signal needs to be stronger. Boston would not be the same without your broadcast.

I love WCRB!! Thank you for extending the signal range. I listen everyday from southern New Hampshire.

I love wcrb!

I love WCRB!

I love WCRB but am not able to listen all day long since I'm teaching in classes. When do you usually announce winners of contests? Thanks!

i love to listen on my way to, and from work. i enjoy how you list the composers name and such so i can be more learned with this type of music.

I love this station. I wish you had more vocal opera though.

I LOVE THIS STATION! I particularly enjoy Laura Carlo; because of her I arise with a smile! One suggestion: a show that spotlights new classical CDs, maybe on Sundays, to expose people to new recordings and new artists. Thank you!

I lived in the Boston area for 27 years and always enjoyed listening to your classical music station. Since moving to Miami I have been able to access you live on the internet at work. Thanks for your music.

I live in thompson ct and unfortunately for me your move on the dial has made your signal much weaker and difficult to receive clearly in my vehicle. Sadly, I can't listen on my way to work (pomfret, ct) anymore, so I listen on the web while at work now

I live in the Bay Area and travel to Boston area a lot. I find your programming more to my tastes than that of the local classical station.

I listen all day, every day. Thank you!

I listen a lot. Please diversify selections. Too much repetition; you can be more than a greatest hits station. Your audience can handle much more. Thank you.

I likw wcrb, it gives me a chance to pray without word while driving and at night.

i like your music

I like music and I love to listen the Boston Classical 99.5 always. Matterfact I almost do not listen anything else when I am in my car but WCRB. Those are uplifting musics and I find peace and tranquillity when i listen them. I also get excited when yo

I like most of your music but wish you would vary it a bit more. I seem to hear many of the same pieces repeated. More 20th century symphonic and (any century) choral pieces would be appreciated.

I keep listening, but my name is not called - -oh well.....

I keep hearing you advertise this promotion. I listen all the time. My wife and I need a get away, so winning this would be great!

I just started listening to classical but it is awesome

I just love your station which I listen to at work every day. It takes the edge off the day and is most soothing.

I just love listening to Laura Carlo in the morning. Unfortunately, since you changed your station, the only way I can listen is by the web. I can't even get you in the car anymore!

i just found your station online. i always loved classical music since i was a little boy in new jersey before my family moved to ca. in 1962. i like mozart and handel especially. your station is wonderful for my genius i.q.

i hope to win

I hear you have revived your former pernicious practice of playing only single movements of multi-movement pieces. The last time you did this, I discovered WGBH. Please play complete pieces!

I have your station tuned in on all radios in car and at home. I do miss 102.5 as i cannot get 99.5 at office. I use internet to listen at office. Would like to know the 10 most popular cd's if you have this info. Thanks - Dave

I HAVE SUPPORTED WCRB SINCE 1959 GREATEST CLASSICAL STATION

I have some difficulty receiving WCRB on 99.5 in Waltham. I had no difficulty receiving the station at 102.5. Is there an explanation?

I have searched for awhile for classical radio station to tune into and just wanted to say thanks for being what I needed.

I have one fervent wish, and that is that you would please include some opera music in your presentations. Why don't you do that?? i listen to your program every single night -all night - but wish you would include opera, as, for instance, famous arias

I have moved and so I think I have to rejoin? Keep up the great programming!

I have loved WCRB 1330 AM and 102.5 FM ever since I came to Boston U. in 1957.

Please keep your longer selections instead of just little portions of "popular" classics.

I have loved the station for years; wake up to it every morning, keep it on all day, and really enjoy "Keith's corner each morning. I would like, however, to hear a little more diversity in your programming. But, in the meantime, I am so glad that we

I have been grateful listener to this station from it's inception. Keep up your wonderful contribution to our community which is in great need of the unique gifts offered by classical music.

I have been away on a trip and came home to find you were no longer on 102.5 FM. I panicked. I called WGBH to find out if you had gone off the air completely. And Richard Nigels. I thought I heard one of your Hosts, on GBH. After looking on the web I see I have been an avid listener of WCBR for over 20 years.

I have been a WCRB listener for over 20 years now. Boy does time fly! This station is one of the best on the radio dial. Thanks for being there.

I have been a regular listener of WCRB since moving to New England in 1979. As a former listener of WQXR in New York, I was skeptical of what New England's "WQXR" was going to be like. that skepticism was short lived. The website will certainly enhance

I have been a member, but my e mail address has changed

I have been a loyal listener since my childhood when you were on 1330 AM. I regret your move to 99.5 because your signal gets splattered by stations on top of Boston 's buildings nearby. I'll listen online and while I'm in the car.

I have been a listener for over 50 years. It's more enjoyable than ever. Keep up the great work.

I have been a fan of WCRB for many years, including 102.4 FM and currently. The music is the best; naming the music after each segment is very helpful; keeping commercials and commentary to a minimum is appreciated.

I have been a faithful listener to WCRB for at least 45 years!!!!

I have been a faithful listener for years. I love it. It does seem as if reception is a little less perfect since switching to 99.5. Is that possible?

I have been a classical music fan ever since my teenage years. I have enjoyed WCRB for as long as I can remember. My favorite part of the programming, is the Mozart block at nine o'clock. I'll be taking a trip to Vienna, Salzburg, and Prague in April, and

i have become a re-born classicalist!

I have always enjoyed WCRB and am enjoying the ability to listen on line, which I heard about just the other day. I really appreciate the live concerts as well. There are two thoughts that I have had and this will give me a chance to voice them to you. O

I had a WCRB Classical Advantage card, # 042731. Thanks for the great music! Tom

I enjoy listening to WCRB everyday at work.

I enjoy listening to WCRB every evening.

I enjoy listening to WCRB every day and night. It is on my house and car radios. It's about time we can hear GOOD music now instead of all the NOISE other stations are calling music. Keep up the GREAT work and Thanks,

I don't like your most recent format, particularly when you include a movement of a symphony in a long program (usually the same movement).

I didn't know how important your radio station was to me until it was almost lost! I'm so glad you are back at 99.5. Keep up the great programming!

I did not give my home phone. How can you call me at work if you only have my home phone number?

I could use a trip--- somewhere, anywhere at all.

i could tell i was old for the first time when i programed all buttons on my car radio to 99.5

I cannot pick up WCRB since you moved.

I can only get creb via computer in the house. can get it in my car anywhere. I have to remember to get up alittle earlier Sun a.m. to get the AGO organ program and St. Paul's Cathedral. The programming remains good but am disappointed in the loss of the I belong to the Inner Circle. Now I don't know whether or not you have dropped me.

I believe Beethoven was and is the greatest composer that ever happened and whoever is #2 is not even close!

I applied for your other clubs and cards and never received anything. I hope I have better luck this time.

I am thrilled that you have changed frequencies, since I can now receive your signal almost everywhere in NH. And I am grateful that you have resumed internet broadcast. I missed listening to your station on my computer while working so much! Thanks!

I am out a lot, but I will be happy to listen for my name on the car radio.
I am originally from Boston, Newton. I miss Boston and glad to see that WCRB has Online Streaming.
I am not sure if I am still a member.
I am not happy with the constant advertising about the "trip a day". WCRB listeners, I think, can generally buy their own tickets and it cheapens the station to have such a contest. I thought WCRB had more class than this.
I am listening & enjoying your program at US Army Camp Humphreys in Korea.
Thanks.
I am just getting used to your new format, and am happy when announcers such as Dave MacNeil name selections both before and after playing. I also appreciate it when they give a bit of info re: the composer
I am in love with WCRB. Thank You for all of the wonderful feelings that you send out to all of us every day!
I am enjoying the concerts. Thank you
I am disappointed you changed your signal. I now only get your station during half of my daily commute between Westport and Holbrook. I am pleased, however, that I can get your station now via the internet.

Hello EVERYBODY, I do hope that YOU call my name for a SPECIAL TRIP.....Thanks, Wilma S. Gooby

Have loved your station for many years but can barely get signal now at home and not at all at work and we can't stream from website. Very sad for me.

Have loved your station ever since I moved to MA in 1969 and have been a loyal listener ever since. Have always tried to push appropriate advertisers in your drection and have succeeded a number of times. I am assuming you want this unvarnished.

Have loved and listened to your station for more than 20 years now (since I moved to Boston). Unfortunately, the new signal is not as strong as 102.5 and I often lose it when driving--as it gets swallowed by stronger signals.

Have listsened to WCRB for over thirty years. Have been more pleased with the variety of composers recently played on the station instead of Mozart on every other selection.

HAVE LISTENED TO YOUR STATION FOR MANY YEARS AND WILL CONTINUE FOR MANY MORE.... THANK YOU

Have been a fan since the sixties, and plan to be a fan until the day I die! Thank you for your good work.

HAPPY TO BE ABLE TO RECEIVE NEW STATION AT WORK IN CAMBRIDGE

Had you at 102.5 in my autos forever...then GONE! Strong signal now at home-GREAT! greetings from planet naquist.

GLAD to see you up and about on the web again, and congratulations on staying on the air, even on a different frequency (99.5) than I grew up with (103.5). I live in Ohio, now, but Boston will always be home. Thanks VERY much for web casting. Started t

Getting bad reception on the South Shore now that you're broadcasting from Canada.
Get some more variety! I'm tired of the same 20 songs in rotation.

former resident of winchester, ma.

FOR YEARS MY FAVORITE STATION

FM reception is much better for me since your transmitter move, but your programming is narrow, so there's way too much repetition. Some pieces I've heard so many times that I wince when they come on. Your listener requests are my favorite feature, because

get wcrb in the house at all,now that you are in lowell, can only get it in the car. very
disappointing.
Don't be effected by the criticism of modernist music snobs. Keep playing melodic
music which real people actually enjoy.
do you have more than 6 cds? everytime i turn on the radio you are playing the new
world symphony. World music (i.e. indian classical) is wonderful.
do you ever answer emails? Or, rather, what address should I use to pose a question with
hopes of getting an answer?

CRB is one of my favorite features of Boston. I'm glad it survived the winter.

Congratluations on the web site. Hope you allow members from Australia!!!

Classical music smooths my work day.

Classical music is timeless. Pop music is time limited. We need to inspire more young
people to study classical music, follow Europeans.

Classical music is the only thing that has helped to keep sane through tremendous
difficulities and struggles in life. I have always loved Classical music. The fruit for the
soul!

classical is the best! thanks for keeping it playing everyday!

Being from Montana I'm not used to rush hour traffic. Listening to your broadcast eases me through the morning traffic driving from Manchester to Boston in the morning. Been listening to CRB since 1953. Hope you can boost your power again.

Been listening since I was a child

Been listening since 1360? on the AM.. 1950's !! Disappointed in the location change, but thanks for keeping the best all-round Classical Station alive!!

been listening for years but never heard m name.....YET

Been a listener since the 50's!

Awesome station!

As far as I am concerned, WCRB is the only radio station. Well... sometimes NPR too. Keep up the good work!

As a Massachusetts native and a classical music lover, I appreciate WCRB streaming on the internet. With so few full-time classical music stations still operating, it has become harder to find this format any where, Please keep up the good work.

As a former Boston resident but not since mid 1970s I am delighted to find WCRB alive and well and available to me thru internet streaming.

Are there any plans for streaming audio of the station on the web? I believe that would be an enhancement to the website and station.

April 3, 2007 I think your station is absolutely beautiful and sooooo very relaxing!

Thankyou for being there. Sue
